How does a pizzeria keep guests happy after 50 years? For the Spinato family, owners of Spinato's Pizzeria & Family Kitchen, there have been many additions to the menu over the years, design upgrades to restaurants, and expanded collaborations with local partners. But the key to Spinato's success has been a dedicated focus on providing "The Spinato's Experience" to loyal guests and families, many of whom have kept them in business for five decades.

We often say we're in the 'people business,' not the 'pizza business,' and none of our success would be possible without our team members and our incredibly supportive guests. Without them, we would have never made it this far.
