At our studio, we are passionate about sharing the joy of dance with both adults and children. We offer instruction in over 40 different dance styles and take pride in being the highest-rated ballroom studio in Chandler.

At Fred Astaire Dance Studios, we offer instruction in both International and American Ballroom Styles, and then some! And as a Fred Astaire dance student, you choose which dance style you'd like to learn first based on what's most appealing to you, and your individual dance goals. For example, individuals interested in high-energy lessons for improved physical health would likely choose a different style than couples looking for an elegant First Dance for their wedding. No matter your age, ability level or whether you're planning to take lessons with a dance partner or on your own – you've come to the right place.
